Further Details: What is a Training Conference?

The American Dairy Goat Association offers opportunities for interested individuals to expand upon their knowledge of evaluating dairy goats along the parameters developed in the Unified Dairy Goat Scorecard. This opportunity allows for individuals wishing to pursue their Judges License to be qualified to evaluate American Dairy Goat Association's officially sanctioned shows for does, kids and bucks. Successful candidates will achieve a passing score on four basic tests of proficiency.

The Judges **Pre-Training Conference**, held on Friday, June 8th will start at 9:00 am through 5:00 pm. This program is for breeders, youth and judge candidates and will be a full day of instruction. Participants will be engaged in prescribed content that includes parts of the goat, scorecards, terminology, breed standards, defects, oral reasons, judging techniques and ethics. The greater portion of this day is in a classroom environment. Lunch and beverages are included with the conference fee.

The Training Conference is a more formalized program of training and testing of judge candidates. There is one day of training (Saturday, June 9) and one day of testing which includes a written test, the placement of at least eight classes of live animals, and the presentation of oral reasons to evaluate a candidates accuracy and presentation skills. These tests must be passed at specific standards of performance in order for a license to be granted. For more information on licensing to be an ADGA Judge, please refer to the current guidebook.

The Training Conference can also be attended in the role of an auditor or a spectator. Neither of these classifications will result in licensure. An auditor is able to participate in all of the aspects of the conference of the judge candidate, however will not do the oral reasons unless time is available. The auditor can take the general knowledge test, is strongly encouraged to practice their oral reasons in the workshop training days to build their skills and comfort level, and then place classes on the second day along with the judge candidates.

The spectator is welcome to observe the training portions of the conference, and can place animals independently, but is limited to being an observer. Feedback can be offered on a limited basis.

Bed and Breakfasts and other things to do:

There are also a number of bed and breakfast establishments in Cobleskill, Sharon Springs and Cooperstown. If travelling with family who want to experience tourist activities, Cooperstown is only 40 minutes west and is home to the Farmer's Museum, and Opera, and the Baseball Hall of Fame. A beautiful hotel to stay at is the Otesaga, but it is one of the more upscale in the area. Sharon Springs is only 20 minutes from campus and is the "home" of the Beekman Boys and Beekman 1851. The businessmen behind this venture purchased a mansion in Sharon Springs, hired a dairy goat farmer to run the property, and revitalized their community with their fame from winning the Amazing Race, developing food partnerships with Target stores and assisting with attracting more tourist traffic to the town.
